

Things to do at Lastberget

We want your time with us to be a positive one in every way.

Truly successful conferences are not always defined by what goes on around the conference table. We provide a host of different activities to help make just your conference a memorable one.

At Lastberget you can play Boule both outside and inside. We have a modern gym, relax facility, pool tables, shuffleboard, indoor pentathlon, miniature golf, fishing, bicycling, tennis, jogging on a lighted trail through the woods, and a hot tub under the stars and much more.

We at Lastberget work closely with professional companies that specialize in adventure experiences and inspirational events. We can arrange everything from a wild boar safari to academic lectures on almost any subject. Each adventure or activity is tailor made to optimize your stay with us.

*In our **Vin-o-tek** you can arrange a small-scale wine tasting event on your own. The wines are chosen with*

care by our sommelier provide a wide and interesting variety for every taste. You can even have a more advanced tasting experience that includes single malt whiskey, blends and chocolate. But again, be sure to book this event well in advance of your visit.

A few of the things you can experience with us without cost.

Relax area

Gym
